- Able to accommodate linked or butting blinds as a single fascia
- Upmarket and sophisticated
- Can be retro fitted to cover existing blinds
- Custom powder coated colours available
- Sleek and Better by Design

When we decided to make the move up to the more advanced Sunboss roller blind system, we did so because it was a premium product with better operations and a **leading edge design perspective**. It brought with it more innovative products **options** like our 75mm and 130mm fascia systems.

Our aim is to innovate and to put your home at the leading edge of decor / design and product advancements.
