

*Blinds* by *Boronia*

## real wood timber collection

**real wood** is just that, real wood. **real wood** is the natural alternative to plastic blinds.

The strength, refinement and beauty of real wood and true grain that only nature can produce. **real wood** is plantation grown delivering sustainability without destruction to the environment.

**real wood** brings the strength and true refinement of real wood, the essence of nature displayed in your blind.

9 Colours available in 50mm & 63mm 🌿
